Strong Parents – Strong Children – Online Courses for English-speaking parents

What's important to me in parenting? How well do I know myself? How can I support my child? How do I set boundaries? How can we make agreements? How do we resolve conflicts? This course is directed at all parents who want to bring more ease and joy into everyday life with their kids. The parents' course offers helpful knowledge, practical exercises, and the chance to share experiences with other parents.

The courses are funded by the Federal Ministry of Education, Family Affairs, Seniors, Women, and Youth, so they are free of charge.
